FRACTAL-BASED POINT PROCESSES

Wiley (2005)

Steven Bradley Lowen and Malvin Carl Teich

Chapter 2

pages 16, 44, 45, 514, and 567. Anderson (2001) should read Anderson (2000).

page 36, line 7. An additional reference, Steutel & van Harn (1979), should stand before Hopcraft, Jakeman, and Tanner, 1999.

Chapter 10

page 222, footnote 3. Add the following sentence at the end of footnote 3: A comment about this article, and a correction thereto, appear in Corral (2005) and Yang, Du & Ma (2005), respectively.

Bibliography

page 542, line 25. The bibliographic entry for Matsuo et al. (1984) has an incorrect volume number. The citation should read Matsuo, Teich & Saleh (1984).
